

WARRANTY DETAILS

All Cooling Units are individually tested & inspected to insure top performance. The remanufactured RV Cooling Units sold through **RV Cooling Unit Warehouse** are sold at warehouse wholesale prices directly to you as a **“Do it Yourself Project”** so any or all labor cost that are incurred by having a dealer or anyone to install or swap out the cooling unit will be the responsibility of the buyer. Due to having units returned that were either not installed correctly or the incorrect heat source, air flow, thermostat, the spray foam sealer not used, or shipping damage.

Should your unit be diagnosed as faulty by the factory, your unit will be promptly replaced, but the labor reimbursement will not be sent out until the unit has been returned and inspected.

Brand-New Cooling Unit Warranty covers:

Side by Side Dometic Units & 4 Door Norcold Units are 90 days labor, Cooling Unit Part, and Shipping – After 90 days, Part and Shipping only.

Labor amount paid: \$50/hr. x 4/hr.= \$200.

Standard size units Dometic & Norcold 90 Days Labor, Cooling Unit Part, and Shipping. After 90 days, Parts and Shipping Only.

Labor amount paid: \$30/hr. x 2/hr.= \$60.
